Inkjet media of extraordinary quality

Inkjet Media of Extraordinary Quality

The Pictorico Inkjet Media division of MITSUBISHI PAPER MILLS LIMITED was established in 1998 with a single goal: to offer a wide variety of the highest quality output media to the broadest range of inkjet printer users. Today, Pictorico (derived from the Spanish word for "picturesque") serves digital imaging professionals and enthusiasts with inkjet media of unrivaled performance. Whether for industrial and commercial output or the needs of the digital imaging arts, Pictorico inkjet media—with their superior quality and versatility—are rapidly establishing themselves as the choice of the discerning. Whatever your inkjet output needs, Pictorico delivers the materials, information, and services that will enable you to explore and discover the full potential of digital imaging.

Inkjet Media for Professional Digital Reproductions

— Pictorico is the premium inkjet photo & fine art media for professional photographers and artists.

Patented & Unique Ceramic Coating Technology Makes The Difference

The Pictorico crystal coating makes it possible to achieve outstanding image clarity. Also, quick ink absorption and dye/pigment fixation ensure almost instantaneous drying, effectively preventing ink smearing.

The fast-drying properties of Pictorico inkjet media eliminate many printout problems and improve workflow efficiency.

PICTORICO^{PRO}

PRO Hi-Gloss White Film

Simply the best inkjet film media ever

- Extraordinary glossy images with a heavy weight film base
- Rich black in the shadows, and stunning color reproduction in the highlights.
- Perfect for photos & fine art works to express brightness, such as night views or underwater photos

PRO Hi-Gloss Photo Paper

The quality required for premium grade photo paper

- Extraordinary high gloss surface
- Accurately reproduces shadow detail in portraits
- Ideal for landscapes with depth

* Also available with thinner base material

PRO Opalescent Photo Paper

Unique metallic surface finish

- Great color reproduction in the highlights.
- Well-suited for professional photo reproduction.

PRO Dual Sided Photo Paper

Printable on both sides with a luster surface

- For professional photo reproduction, photobooks, digital scrapbooks, sales presentations
- Colors are more brilliant and stunning turning even ordinary prints into sought-after works of art.

PRO Photo Canvas Heavy Weight

Premium grade photo paper with a woven pattern

- Beautiful woven pattern with brighter-white RC paper base
- Ideal for a broad range of fine art prints, from photos to paintings

PRO Photo Canvas

Premium grade photo paper with a woven pattern and thinner base

- Fine woven pattern with natural white RC paper base
- Ideal for a broad range of fine art prints, from photos to paintings

PRO Ultra Premium OHP Transparency Film

For contact print negative film or screen printing positive film productions. Also suitable for OHP film usage

- Smooth and translucent surface
- Excellent dot and line sharpness
- Coated to hold higher ink density

* Recommended for Epson UltraChrome K3 inks

PRO OHP Transparency Film

For contact print negative film or screen printing positive film productions. Also suitable for OHP film usage

- Smooth and translucent surface
- Excellent dot and line sharpness

Quality
★★★★★
Gloss
★★★★★

Cotton-based paper for reproducing warm tones

- Fine art cotton paper with unique heavy texture
- Deep black and excellent gray-scale performance required for monochrome photos
- Suitable for a broad range of fine art prints, from monochrome photo to color paintings

GEKKO GREEN

Quality
★★★★★
Gloss
★★★★★

The look & feel of traditional baryta paper

- Beautiful glossy surface & heavy weight paper similar to silver halide baryta paper
- Outstanding gray-scale performance
- Ideal for nostalgic expressions, portrait and headshots

GEKKO BLACK

Quality
★★★★★
Gloss
★★★★★

Sophisticated matte surface produces a soft finish

- Very unique feel and high black density
- True matte surface finish minimizes light reflection
- Designed for deeper monochrome expressions

Sample Pack

ART Collection

A great sample pack

- There are 2 sheets of MCT, MCTW, MW1UH, MW1PH, MW1UL, MW1UL in each pack
- Collection of unique high quality fine art paper

PRO x ART Collection

A great sample pack

- There are 2 sheets of PRO Hi-Gloss White Film, Photo Canvas Heavy Weight, OHP Transparency Film and ART Cotton Paper, Cotton Paper Texture I, Kenaf Paper Unryu (132) paper in each pack
- Variety of media for specialty applications

GEKKO Fine Art Collection

A great sample pack

- There are 2 sheets of GEKKO BLUE, RED, GREEN, BLACK paper in each pack
- Designed for black and white print but works well with colors from photos to fine print
